Long Term Services and Supports (LTSS) Provider Directory

**At Kaiser Permanente, we believe in total health. Our QUEST Integration program brings our eligible members additional services to improve their overall health and well-being.**

# INTRODUCTION

Through the QUEST Integration program, Kaiser Permanente offers a range of Long Term Services and Supports (LTSS) for low-income seniors and people with disabilities.

This directory provides a list of our LTSS providers. This includes in-home and community-based services for members who need help in maintaining their independence, and nursing facility care for members who require a higher level of support. Members who do not meet nursing facility level of care but are at risk of getting worse may also qualify for some LTSS services.

You can receive LTSS services from these providers if you qualify. To qualify, you'll need a health and functional assessment completed by one of our service coordinators. The service coordinator will work with you to identify the services needed and the provider who will provide the service. A Service Plan will be developed based on your medical and social needs. The Service Plan will describe the type of service(s) needed as well as the frequency, intensity, and quantity.

This listing is current as of January 1, 2017. Providers may be added or deleted from the QUEST Integration provider network without notice to you. For more information on the provider network, what your plan does and does not cover, or about prior authorization, please see your QUEST Integration Member Handbook. Or you can call our QUEST Integration call center at **808-432-5330** or toll free at **1-800-651-2237** (or TDD/TTY **711**).
