

Caring for You

Physicians and Locations Directory

Information in this directory is current as of July 2017 and may be subject to change without notice.

A provider's listing in the directory does not guarantee that the provider is still in the network or accepting new patients. If you would like more current information on a practitioner's license, call either the Department of Commerce and Consumer Affairs Consumer Resource Center at **808-587-3295** or Kaiser Permanente Member Services toll-free at **1-800-966-5955**.

Kaiser Permanente uses the same quality, member experience, or cost-related measures to select practitioners in Marketplace Silver-tier plans as it does for all other Kaiser Foundation Health Plan (KFHP) products and lines of business. Members enrolled in KFHP Marketplace plans have access to all professional, institutional and ancillary health care providers who participate in KFHP plans' contracted provider network, in accordance with the terms of the members' KFHP plan of coverage. All Kaiser Permanente Medical Group physicians and network physicians are subject to the same quality review processes and certifications.

A narrow network is defined as a tailored, tiered or high-performance network that has 80 percent or less overlap with a health plan's broadest network offered to a member in any type of plan offered by that health plan. Kaiser Permanente does not have a narrow network with respect to its Marketplace plans. Members enrolled in Kaiser Foundation Health Plan (KFHP) Marketplace plans have access to the same provider networks as members enrolled in all other KFHP plans.

For our Federal employees:

It is important to know that when you enroll in this plan, services are provided through the Plan's delivery system, as described in the Plan's Federal brochure, but the continued participation of any one doctor, hospital, or other provider cannot be guaranteed.

Welcome to Kaiser Permanente

Your Doctor & Medical Care

Step 1. Choose Your Doctor

Good health care begins with you building a relationship with your personal physician. Your doctor is your health care advocate, your direct link to all Kaiser Permanente facilities, and your source for referrals to specialists.

Select your personal physician from any of our available providers. You can change your personal physician at any time and for any reason.

To choose a provider:

1. Select a medical location where you plan to receive services. Most members select a medical facility that is convenient to home or work.
2. Choose a doctor from one of three primary care options:
 - **Family Medicine** cares for members of all ages and specializes in caring for entire families.
 - **Internal Medicine** specializes in medical and preventive care for adults.
 - **Pediatrics** focuses on the specialized needs of children from birth to the age of 21.
3. To choose and change your doctor, simply call your facility or go online at kp.org/chooseyourdoctor.

Find additional information about our doctors online.

Looking for a personal physician who is right for you? Each personal physician listing in this directory includes a website address that will link you to more information about our doctors. Just type the address into your web browser and get to know our doctors on a more personal level. You'll find detailed information about each physician's practice, including training and certification, personal interests, and whether they are accepting new patients.

Welcome To Kaiser Permanente

Your Doctor & Medical Care

Step 2. Making appointments

Two easy ways to schedule your appointments:

- Visit **kp.org/appointments** on your computer or use the Kaiser Permanente mobile app, and tap Appointments on the app dashboard. You can schedule office or phone visits with your primary care physician and same-day adult care.
- Call your doctor's office.

Preparing for your appointment

- Check in with your Kaiser Permanente member ID card and a valid photo ID.
- If you have additional health insurance in addition to Kaiser Permanente, please bring the insurance card with you.
- Bring the names of any medications you are taking, including non-prescription medicines, so we can make sure that your prescriptions are uninterrupted and your doctor has all the information needed to care for you.
- Tell the doctor about any treatments you are currently receiving, and feel free to ask questions.

To cancel an appointment, visit **kp.org/appointments** or call the 24-hour appointment cancellation line of your Kaiser Permanente medical location. If you're bringing in a child that is not your own, please get an authorization form from Member Services or have a notarized Health Care Power of Attorney form.

Step 3. Paying for services

When it's time for your appointment, be prepared to pay for your services. Your portion may include a copayment, coinsurance, or deductible.

Charges for office visits, labs, X-rays, other tests, procedures, or prescription medication copayments, are due on the same day that you receive services.

You will be informed in advance if any deposits or prepayments are required prior to certain high-cost services or items related to scheduled procedures.

Pay with cash, personal check, debit or credit card (Visa®, MasterCard®, Discover®, and American Express®).

You may be billed supplemental charges for services performed after you've paid and left the clinic. For example, your doctor may need to send tissue samples or specimens for further testing.

- You can track costs for services you've received at **kp.org/outofpocket**.†
- Get a personalized cost estimate at **kp.org/costestimates**. Before you come in for care, use this tool to find out what you can expect to pay out of pocket for common exams, tests, and services.*
- Pay your medical bills at **kp.org/paymedicalbills**.†

Questions?

Call our Patient Financial Services Department at **808-432-5340** (Oahu) or toll free **1-888-597-5340** (neighbor islands).

*You must be registered on kp.org to use this secure tool. The Estimates tool provides a general idea of what you may pay for a treatment or service, based on your plan benefits. What you actually pay may be higher or lower depending on the care you receive. Your bill will show the actual cost of the service and what you will need to pay.

†You must be registered on kp.org to use this secure tool.

Manage Your Care Online

See how easy it is to stay on top of your care. When you register at kp.org, you can use our many time-saving online tools for managing your health – anytime, anywhere.*
